

***get on board!* order form**

The *get on board!* program was created to assist teachers in Victorian secondary schools to equip students with the knowledge to adopt safe and efficient public transport travel habits and make the most of the opportunities that public transport offers.

The package provides schools with new ideas for promoting safety messages in the classroom and includes a CD-ROM, teacher's guide and classroom activities.

The *get on board!* educational package is available at no cost to Victorian secondary schools.
